13.0 CITY OF HAMILTON SOURCE PROTECTION PLAN POLICIES – LYDEN RURAL SETTLEMENT AREA

The following City of Hamilton—Lynden Rural Settlement Area Source Protection Plan policies apply to the Lynden Communal Well System, and to water systems originating from other jurisdictions, including Dunville (emergency intake), as presented in the schedules to this chapter. Policies which apply to the City of Hamilton outside of the Grand River Watershed can be found in the Halton -Hamilton and Niagara Peninsula Source Protection Plans.

When interpreting policies in this chapter, circumstances under the 2021 Technical Rules should be used for the City of Hamilton's Lynden Communal Well System and circumstances under the 2017 Technical Rules shall apply to the Dunnville (emergency intake) IPZ, where it extends into the City of Hamilton.

13.1 Definitions

General definitions are provided in Volume I of the Source Protection Plan or in the *Clean Water Act, 2006.* Defined terms are intended to capture both the singular and plural forms of these terms.

The following definitions shall apply specifically to the City of Hamilton (Lynden Rural Settlement Area) Source Protection Policies and are capitalized in the policy text.

Existing Threat – means an activity that commenced or has been engaged in at a location in a vulnerable area within ten (10) years prior to the Source Protection Plan taking effect where there would be a drinking water threat. It includes any expansion of the activity only on the same parcel of land.

Future Threat – means any activity in a vulnerable area where there could be a drinking water threat that is not defined as an existing threat within this Source Protection Plan.

13.2 City Of Hamilton – Lynden Rural Settlement Area Source Protection Plan General Policies

| Policy Identifier | Implementation and Timing Policies |
|-------------------|---------------------------------------------------------------------|
| CH-CW-1.1.1 | This source protection plan came into effect on July 1, 2016, the |
| | effective date specified in the Notice of Approval posted on the |
| Implementation | |
| & Timing | Protection Plan are permitted in accordance with the Clean Water |
| | Act, 2006, and the General Regulations. The effective date for |
| | amended policies, only including but not limited to the addition of |
| | new drinking water threats and regulated areas and activities, is |
| | the date of posting of the Notice of Approval of the amendment |
| | provisions on the Environmental Bill of Rights Registry. |
| | |

| Policy Identifier | Implementation and Timing Policies |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CH-CW-1.1.2 | Except as set out below, the policies contained in this Source |
| | Protection Plan shall take effect on the date set out by the Minister. |
| Implementation | |
| & Timing | a. For Section 58 of the Clean Water Act, 2006, if an activity was engaged in at a particular location before the relevant policies within this Source Protection Plan or amendment took effect and the Risk Management Official gives notice to a person who is engaged in the activity at that location that, in the opinion of the Risk Management Official, policies regarding regulated activities should apply to the person who engages in the activity at that location on and after a date specified in the notice that is at least 120 days after the date of the notice; |
| | b. For Section 59 of the Clean Water Act, 2006, policies regarding restricted land uses shall take effect the same day the relevant policies within the Source Protection Plan takes effect; |
| | c. Where the Source Protection Policies require the City of Hamilton to develop and implement education and outreach programs as the primary tool for managing or eliminating a particular significant threat, such programs shall be developed and implemented within five (5) years from the date the relevant policies within the Source Protection Plan takes effect; |
| | d. For Sections 43 of the <i>Clean Water Act, 2006,</i> if an activity was engaged in at a particular location before the relevant policies within this Source Protection Plan took effect, amendments to Prescribed Instruments shall be completed within three (3) years from the date the Source Protection Plan or amendment takes effect; and, |
| | e. For Section 40(2) and 42 of the <i>Clean Water Act</i> , 2006, the Official Plan and Zoning By-Laws must be amended to conform with the significant threat policies and adopted by municipal council by the next five (5) year Official Plan update as required under subsection 26(1) of the <i>Planning Act</i> or within five (5) years from the date the relevant policies within the Source Protection Plan takes effect. |

| Policy Identifier | Uses and Areas Designated as Restricted Land Uses Policies |
|-------------------|-----------------------------------------------------------------------|
| CH-CW-1.2 | In accordance with Section 59 of the Clean Water Act, 2006, all |
| | land uses, unless identified specifically within a policy, where |
| Part IV-RLU | significant drinking water threat activities have been designated for |
| | the purpose of Section 57 or 58 of the Clean Water Act, 2006 are |
| | hereby designated as Restricted Land Uses and a written notice |
| | from the Risk Management Official shall be required prior to |

| Policy Identifier | Uses and Areas Designated as Restricted Land Uses Policies |
|--------------------------|------------------------------------------------------------------|
| | approval of any Building Permit, Planning Act or Condominium Act |
| | Application. |

| Policy Identifier | Official Plan and Zoning By Law Amendment(s) Policies |
|-------------------|---------------------------------------------------------------------|
| CH-MC-1.3 | The City of Hamilton shall amend their Official Plan and/ or Zoning |
| | By-Laws to: |
| Future | |
| Land Use | a. Identify the vulnerable areas in which drinking water threats |
| Planning | prescribed under the Clean Water Act, 2006 would be |
| | significant; |
| | b. Indicate that within the areas identified, any use or activity |
| | that is, or would be, a significant drinking water threat is |
| | required to conform with all applicable Source Protection |
| | Plan policies and, as such, may be prohibited, restricted or |
| | otherwise regulated by those policies; |
| | c. Incorporate any other amendments required to conform to |
| | the threat specific land use policies identified in this Source |
| | Protection Plan. |

| Policy Identifier | Annual Reporting Policies |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CH-CW-1.4 | The City of Hamilton shall provide a report to the Source Protection Authority, by February 1 st of each year, summarizing |
| Monitoring | the actions taken to implement the Source Protection Plan policies. |
| CH-CW-1.5 | Where the City of Hamilton is required to amend their Official Plan |
| Monitoring | and/or Zoning By-law to bring their planning documents into conformity with the Source Protection Plan, the City of Hamilton shall provide proof of compliance to the Source Protection |
| | Authority and shall provide a copy of such compliance within 30 days of final adoption of the amendment(s). |
| CH-CW-1.6 | The Risk Management Official shall provide a report to the Source |
| Monitoring | Protection Authority, by February 1 st of each year, summarizing the actions taken by the Risk Management Official to implement the Source Protection Policies, in accordance with the <i>Clean Water Act, 2006</i> and associated regulations. |
| CH-CW-1.7 | Where the Source Protection Plan policies require a provincial |
| Monitoring | ministry to amend a Prescribed Instrument or issue a new Prescribed Instrument, the applicable Ministry shall provide a summary of any actions taken and/or conditions imposed. The applicable ministry shall provide a written report summarizing this information to the Source Protection Authority by February 1 st of each year. |
| CH-CW-1.8 | Where the Source Protection Plan policies require a provincial |
| Monitoring | ministry to deny a Prescribed Instrument, the applicable Ministry shall summarize the actions taken the previous year to implement |

| the policies and provide a written report summarizing this |
|-------------------------------------------------------------------|
| information to the Source Protection Authority by February 1st of |
| each year. |

| Policy Identifier | Strategic Action Policies: Spill Prevention, Spill Contingency or Emergency Response Plans |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| CH-NB-1.10 | To ensure the protection of drinking water sources with respect to spills that occur within a wellhead protection area along highways, |
| Future | ' |
| Specify Action | Ministry of the Environment, Conservation and Parks are |
| | encouraged to incorporate the Wellhead Protection Area mapping into their Emergency Response Plan and Spills Action Centre |
| | mapping, respectively. |
| CH-NB-1.11 | The City of Hamilton is requested to implement an education and |
| | outreach program to encourage all transportation businesses that |
| Future | ship goods through wellhead protection areas to prepare spill |
| Specify Action | prevention plans and spill contingency plans, to review these plans |
| | annually, and to update them, as required. |

| Policy Identifier | Strategic Action Policies: Transport Pathways |
|-------------------|-----------------------------------------------------------------------|
| CH-NB-1.12 | To achieve the intent of the Clean Water Act, 2006 that drinking |
| | water threats identified in the vicinity of a transport pathway cease |
| Existing/Future | to be or do not become a significant threat, and that a pathway |
| Specify Action | ceases to endanger the source water of a municipal water supply, |
| , , | the following policies apply: |
| | a. The City of Hamilton is requested to use best management |
| | practices to protect the quantity and quality of groundwater |
| | sources during the installation of new municipal |
| | infrastructure in proximity to municipal water wells. |
| | b. The City of Hamilton is requested to incorporate conditions |
| | of approval for development applications to ensure private |
| | wells that are no longer in use are decommissioned in |
| | accordance with O. Reg. 903. |
| | c. The Ministry of the Environment, Conservation and Parks |
| | and the municipalities responsible for water services are |
| | requested to provide ongoing funding for incentive programs |
| | focused on the decommissioning of wells, and for education |
| | and outreach programs regarding the decommissioning of |
| | wells. |
| | d. If funding is provided by the Ministry of the Environment, |
| | Conservation and Parks through the Ontario Drinking Water |
| | Stewardship Program, the Conservation Authority shall |
| | implement an incentive program to decommission unused |
| | wells. |
| | e. The City of Hamilton is requested to develop a program to |
| | facilitate, where possible and appropriate, the connection to |

| Policy Identifier | Strategic Action Policies: Transport Pathways |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | municipal water services of current private well users within the urban boundary. The users should be required to decommission the unused wells in accordance with O. Reg. 903. |
| | f. The City of Hamilton is requested to prohibit the construction of new wells and onsite sewage systems within the urban area where municipal water and wastewater services are available. |
| | g. The City of Hamilton is requested to prepare bylaws/procedures/ processes that ensure the construction of closed loop, earth energy systems will not result in the establishment of transport pathways. |

| Policy Identifier | Interpretation Policies |
|-------------------|---------------------------------------------------------------------|
| CH-CW-1.13 | The Source Protection Plan provides policies to meet the objectives |
| | of the Clean Water Act, 2006. The Source Protection Plan consists |
| Interpretation | of the written policy text and Schedules. |
| of Source | a. The Schedules in the Source Protection Plan identify the |
| Protection Plan | areas where the policies of the Source Protection Plan |
| | apply. The boundaries for the circumstances shown on the |
| | Plan Schedules are general. More detailed interpretation of |
| | the boundaries relies on the mapping in the approved |
| | Assessment Report and the Specific Circumstances found |
| | in the Tables of Drinking Water Threats, Clean Water |
| | Act, 2006. |
| | b. Where any Act or portion of an Act of the Ontario |
| | Government or Canadian Government is referenced in this |
| | Plan, such reference shall be interpreted to refer to any |
| | subsequent renaming of sections in the Act as well as any |
| | subsequent amendments to the Act, or successor thereof. |
| | This provision is also applicable to any policy statement, |
| | regulation or guideline issued by the Province or the |
| | municipality. |

13.3 Policies Addressing Prescribed Drinking Water Threats

Threat 1.0 – The Establishment, Operation or Maintenance of a Waste Disposal Site within the meaning of Part V of the Environmental Protection Act

| D 11 1 (16) | |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Policy Identifier | 1.1 Disposal of hauled sewage to land |
| | 1.2 – Application of processed organic waste to land |
| | 1.3 – Landfarming of petroleum refining waste |
| | 1.4 - Landfilling (hazardous waste or liquid industrial waste) |
| | 1.5 – Landfilling (municipal waste) |
| | 1.7 – PCB waste storage |
| | 1.8 – Storage of hauled sewage |
| | 1.9 – Storage of processed organic waste or waste biomass |
| | 1.10 – Transfer/processing sites approved to receive |
| | hazardous waste or liquid industrial waste |
| | 1.11 – Transfer/processing sites approve to receive only municipal waste under Part V of the Environmental Protection Act |
| | 1.12 – Storage of subject waste at a waste generation facility: site that requires generator registration under Section 3 of O.Reg. 347 |
| | 1.13 – Storage of waste at a waste generation facility: site that is exempt or excluded from generator registration |
| | requirements 1.14 – Storage, treatment and discharge of tailings from mines |
| CH-MC-2.1 | To ensure that the any future establishment of waste disposal |
| 011 WO 2.1 | sites within the meaning of Part V of the <i>Environmental Protection</i> |
| Future | |
| Prescribed Instr. | becomes a significant drinking water threats, where these such an |
| WHPA-A-v.10 | activit <mark>ies</mark> y would be a-significant drinking water threat <mark>s,, as defined</mark> |
| | within the meaning of Part V of the Environmental Protection Act, |
| | the Ministry of the Environment, Conservation and Parks shall |
| | prohibit these activities within the Environmental Compliance |
| | Approvals process for such waste disposal sites on lands located |
| CH-CW-2.2 | within identified vulnerable areas. To ensure the disposal of hazardous materials at waste disposal |
| O11 OVV 2.2 | sites never becomes a significant drinking water threat, where |
| Future | thissuch an activity would be a significant drinking water threat, the |
| Education & | City of Hamilton shall continue their established education and |
| Outreach | outreach programs on hazardous waste disposal and reduction of |
| WHPA-A-v.10 | waste. The programs shall include messaging consistent with |
| | source water protection and the diligent use and disposal of |
| | substances. |

| Daliay Identifier | 1.1 Diamond of houled covere to land |
|-------------------|---------------------------------------------------------------------------|
| Policy Identifier | 1.1 Disposal of hauled sewage to land |
| | 1.2 – Application of processed organic waste to land |
| | 1.3 – Landfarming of petroleum refining waste |
| | 1.4 - Landfilling (hazardous waste or liquid industrial waste) |
| | 1.5 – Landfilling (municipal waste) |
| | 1.7 – PCB waste storage |
| | 1.8 – Storage of hauled sewage |
| | 1.9 – Storage of processed organic waste or waste biomass |
| | 1.10 – Transfer/processing sites approved to receive |
| | hazardous waste or liquid industrial waste |
| | 1.11 – Transfer/processing sites approve to receive only |
| | municipal waste under Part V of the Environmental Protection Act |
| | 1.12 – Storage of subject waste at a waste generation facility: |
| | site that requires generator registration under Section 3 of |
| | O.Reg. 347 |
| | 1.13 – Storage of waste at a waste generation facility: site that |
| | is exempt or excluded from generator registration |
| | requirements |
| 011110 0 0 | 1.14 – Storage, treatment and discharge of tailings from mines |
| CH-MC-2.3 | To ensure that anythe Future establishment of waste disposal sites |
| F | within the meaning of Part V of the <i>Environmental Protection Act</i> , |
| Future | 9 , |
| Land Use | , , , |
| Planning | |
| WHPA-A-v.10 | |
| | uses through amendments to <i>Planning Act</i> tools. |

Threat 2.0 – The Establishment, Operation or Maintenance of a System that Collects, Stores, Transmits, Treats, or Disposes of Sewage

| Policy Identifier | 2.2 – Onsite Sewage Works |
|-------------------|----------------------------------------------------------------------------------------------------------------|
| CH-MC-3.1 | To ensure that any eExisting or fFuture onsite sewage systems |
| | and onsite sewage system holding tanksworks regulated under the |
| Existing/Future | Ontario Water Resources Act ceases to be, or never become, s a |
| Prescribed Instr. | significant drinking water threat <mark>s</mark> , where <mark>these</mark> such an activit <mark>ies</mark> y |
| WHPA-A-v.10 | are, or would be, a-significant drinking water threats, the Ministry of |
| | the Environment, Conservation and Parks shall prepare or review, |
| | and where necessary, amend ensure that Environmental |
| | Compliance Approvals required for these onsite sewage systems |
| | are prepared to incorporate appropriate terms and conditions that, |
| | when implemented, will ensure that they do not become a risk to |
| | drinking water. The terms and conditions may include, as |
| | appropriate: |

| Policy Identifier | 2.2 – Onsite Sewage Works |
|------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | i. mandatory monitoring of groundwater impacts; ii. contingencies in the event that the quality of sources of drinking water is adversely affected; iii. regular and ongoing compliance monitoring; iv. mandatory system inspections at least every five years; v. upgrading of these onsite sewage systems to current standards, if necessary; and vi. annual reporting to the Source Protection Authority of any monitoring and inspection programs required and their results. |
| CH-MC-3.2 Future Land Use Planning WHPA-A-v.10 | drinking water threats, where these such activities would be |
| CH-MC-3.3 Future Land Use Planning WHPA-A-v.10 | To ensure that any fFuture onsite sewage systems and onsite sewage system holding tanks works regulated under the Ontario Building Code Act never become significant drinking water threats, where these such activities would be significant drinking water |
| CH-CW-3.4 Existing Education & Outreach WHPA-A-v.10 | To ensure that any Existing increase awareness about best practices to protect drinking water sources for users of onsite sewage systems and onsite sewage system holding tanks works cease to be significant drinking water threats, where these activities located within vulnerable areas where their use is or would be a are significant drinking water threats, within five (5) years of the date the Source Protection Plan comes into effect, the City of Hamilton, in collaboration with the Conservation Authority, is requested to continue and broaden education and outreach programs to increase awareness about best practices to protect drinking water sources. |
| | The programs should inform landowners about the proper disposal of toxic chemicals, the operation and maintenance of sewage systems, and the benefits of installing effluent filters, performing tank inspections, and having tanks regularly pumped out. |

| Policy Identifier | 2.2 – Onsite Sewage Works |
|-------------------|-------------------------------------------------------------------------------------------------------------|
| CH-CW-3.5 | To ensure that any eExisting orand fFuture onsite sewage |
| | workssystems cease to be, or never become, significant drinking |
| Existing/Future | water threats, where th <mark>ese</mark> is activitiesy areis, or would be, a |
| Specify Action | significant drinking water threat <mark>s</mark> , the City of Hamilton shall |
| WHPA-A-v.10 | implement an onsite sewage system maintenance inspection |
| | program subject to the requirements of the Ontario Building Code |
| | within vulnerable areas. |
| CH-NB-3.6 | To assist landowners in reducing the risks to drinking water |
| - | sources where ensure that any eExisting onsite sewage systems |
| Existing | and onsite sewage system holding tanks works cease to be |
| Incentive | significant drinking water threats, where these activities are |
| Program | significant drinking water threats, the Ministry of the Environment, |
| WHPA-A-v.10 | Conservation and Parks is requested to provide ongoing funding |
| | through the Ontario Drinking Water Stewardship Program or a |
| | similar program for onsite sewage system upgrades, replacements, decommissioning of unused systems, and for |
| | connection to municipal systems. If funding is provided, the |
| | Conservation Authority shall implement the incentive program. |
| CH-CW-3.7 | To ensure that any Existing assist landowners with improvements |
| 011 011 0.11 | to onsite sewage systems and onsite sewage system holding |
| Existing | tanks works cease to be significant drinking water threats, where |
| Incentive | these activities are significant drinking water threats, and to assist |
| Program | landowners with improvements required under the onsite sewage |
| WHPA-A-v.10 | systems maintenance inspection program implemented where |
| | onsite sewage systems are significant threats and in accordance |
| | with the Ontario Building Code Act, the City of Hamilton shall |
| | consider the creation of a financial assistance program designed in |
| | a manner that allows the work to be completed as required, and |
| | the landowner to repay the cost over time. |

| Policy Identifier | 2.5 – Wastewater collection facilities and associated parts: sanitary sewers 2.7 – Wastewater collection facilities and associated parts: sewage pumping station or lift station wet well, a holding tank or a tunnel |
|----------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CH-MC-3.8 Existing/Future Prescribed Instr. WHPA-A-v.10 | |
| | cease to be, or never become, significant drinking water threats, where such an these activities is are, or would be, a significant drinking water threats, the Ministry of the Environment, Conservation and Parks shall prepare or review and, where |

| Policy Identifier | 2.5 – Wastewater collection facilities and associated parts: sanitary sewers 2.7 – Wastewater collection facilities and associated parts: sewage pumping station or lift station wet well, a holding tank or a tunnel |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | necessary, amend ensure that Environmental Compliance Approvals required for sanitary sewers and pipes are prepared/amended to incorporate appropriate terms and conditions that, when implemented, will ensure that they do not become a risk to drinking water. |
| | The conditions may include requirements for the proponent/applicant to undertake regular maintenance and inspections. |

| Policy Identifier | 2.8 - Wastewater treatment facilities and associated parts |
|-------------------|------------------------------------------------------------------------------------------|
| CH-MC-3.9 | To ensure that any eExisting or fFuture wastewater treatment |
| | facilities and associated partssewage treatment plants effluent |
| Existing/Future | discharges, bypasses, or the storage of sewage, cease to be <mark>,</mark> or |
| Prescribed Instr. | never become significant drinking water threats, where these |
| WHPA-A-v.10 | activities are, or would be, significant drinking water threats, the |
| | Ministry of the Environment, Conservation and Parks shall prepare |
| | or review and, where necessary,/ amend the eEnvironmental_ |
| | eCompliance aApprovals to incorporate appropriate terms and |
| | conditions that, when implemented, will ensure they do not |
| | become a risk to drinking water. |
| | The conditions may include strict criteria for effluent quality, |
| | appropriate sizing to reduce bypasses, in addition to inspections |
| | and proactive maintenance of the works to prevent leaks. |

| Policy Identifier | 2.3 – Storm water management facilities and drainage systems: outfall from a storm water management facility or storm water drainage system 2.4 – Storm water management facilities and drainage systems: storm water infiltration facility |
|--------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CH-MC-3.10 | To ensure <mark>that any</mark> the f <mark>F</mark> uture: |
| Future Prescribed Instr. WHPA-A-v.10 | i. discharge of stormwater outfall from a storm water management facility or storm water drainage system; or ii. storm water infiltration facility |
| | never becomes a-significant drinking water threats, where these activities would be significant drinking water threats, the Ministry of the Environment, Conservation and Parks shall prepare or review and, where necessary, amend the eEnvironmental eCompliance |

| Policy Identifier | 2.3 – Storm water management facilities and drainage systems: outfall from a storm water management facility or storm water drainage system 2.4 – Storm water management facilities and drainage systems: storm water infiltration facility |
|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | aApprovals to incorporate appropriate terms and conditions that, when implemented, will ensure they do not become a risk to drinking water. |
| | The conditions may include the requirement for regular maintenance, periodic removal of accumulated sediment, lining of the pond where warranted, the use of an oil/water separator, and other requirements to address site conditions. |
| CH-MC-3.11 | To ensure that any Future: |
| Future Land Use Planning WHPA-A-v.10 | i. the discharge outfall from a storm water management facility or storm water drainage system; or ii. storm water infiltration facility |
| | never becomes a significant drinking water threats, where these such an activitiesy would be a significant drinking water threats, where possible, the City of Hamilton, in consideration of Planning Act applications for the development of stormwater management facilities, shall require the applicant to locate future stormwater management facilities outside of the vulnerable area, where possible. |

Threat 3.0 – The Application of Agricultural Source Material (ASM) to Land

Threat 4.0 – The Storage of Agricultural Source Material (ASM)

| Policy Identifier | 3.1 – Application of agricultural source material (ASM) to land 4.1 – Storage of agricultural source material (ASM) |
|-----------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CH-CW-4.1 | To ensure that anythe eExisting orand fFuture application orand storage of agriculture source material ceases to be, or never |
| Existing/Future Part IV-RMP WHPA-A-v.10 | become <mark>,s a-</mark> significant drinking water threat <mark>s</mark> , where <mark>these</mark> such an activit <mark>iesy are</mark> is, or would be, a-significant drinking water threat <mark>s</mark> , |
| | The content shall be based upon, but not limited to, the regulatory requirements of a nutrient management plan and strategy under the <i>Nutrient Management Act</i> and scoped to address these specific threats. |

Threat 6.0 – The Application of Non-Agricultural Source Material (NASM) to Land

Threat 7.0 – The Handling and Storage of Non-Agricultural Source Material (NASM)

| Policy Identifier | 6.1 – Application of non-agricultural source material (NASM) to land 7.1 – The handling and storage of non-agricultural source material (NASM) |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| CH-MC-5.1 | To ensure that anythe fFuture application, or handling and storage of non-agricultural source material (NASM) never become |
| Future | significant drinking water threats, where thesesuch activities are, |
| Prescribed Instr. | or would be, significant drinking water threats, the Ministry of |
| WHPA-A-v.10 | Agriculture, Food and AgribusinessRural Affairs and/or the Ministry of the Environment, Conservation and Parksshall prohibit these |
| Policy only applies | activities through the revoke or not approve any Non-Agricultural |
| to the application of | Source Material (NASM) Plan process., in accordance with the |
| NASM containing materials from | Nutrient Management Act, or within the Environmental Compliance |
| sewage works or | Approval process that allows, or would permit these activities |
| meat plant | within vulnerable areas where it would be a significant drinking |
| | water threat. |

Threat 8.0 – The Application of Commercial Fertilizer to Land

Threat 9.0 – The Handling and Storage of Commercial Fertilizer

| Policy Identifier | 8.1 – Application of commercial fertilizer to land |
|--------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| | 9.1 – Handling and storage of commercial fertilizer |
| CH-CW-6.1 | To ensure <mark>that any</mark> the e <mark>E</mark> xisting <mark>orand</mark> f <mark>F</mark> uture application , or |
| | handling and storage of commercial fertilizer ceases to be, or |
| Existing/Future | never become <mark>s,</mark> a-significant drinking water threat <mark>s</mark> , where-such an |
| Part IV-RMP | these activit <mark>iesy isare</mark> , or would be, a significant drinking water |
| WHPA-A-v.10 | threat <mark>s</mark> , the <mark>se</mark> activit <mark>iesy</mark> shall be designated for the purpose of |

Threat 10.0 – The Application of Pesticide to Land

Threat 11.0 – The Handling and Storage of Pesticide

| Policy Identifier | 10.1 – Application of pesticide to land 11.1 – Handling and storage of a pesticide |
|-----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| CH-CW-7.1 | To ensure that anythe eExisting orand fFuture application of |
| Existing/Future | |
| Part IV-RMP WHPA-A-v.10 | , , , |
| *************************************** | Clean Water Act, 2006 and a Risk Management Plan shall be is required. |
| CH-CW-7.2 | To ensure that anythe future application or, handling and or |
| Future | storage of pesticides never become a-significant drinking water threats, where these activities is would be a-significant drinking |
| Education & | |
| Outreach WHPA-A-v.10 | , , |
| | The program should consider including wellhead protection area |
| | mapping and target pesticide applicators, exterminators and farmers. |

Threat 13.0 – The Handling and Storage of Road Salt

| Policy Identifier | |
|-------------------|--------------------------------------------------------------------|
| CH-MC-8.1 | To ensure that any Where the fFuture handling and storage of |
| | greater than 5,000 tonnes of road salt never becomes a significant |
| Future | drinking water threat, where this activity would be a significant |
| Land Use | drinking water threat, the City of Hamilton shall prohibit through |
| | Planning Act tools salt storage and handling facilities. with more |
| WHPA-A-10 | than this capacity. |

Threat 14.0 – The Storage of Snow

| Policy Identifier | 14.1 – Storage of snow on a site |
|-------------------|-----------------------------------------------------------------------------|
| CH-MC-9.1 | To ensure that anythe fFuture storage of snow never becomes a |
| | significant drinking water threat, where this such an activity would be a |
| Future | significant drinking water threat, the City of Hamilton shall prohibit this |
| Land Use | land use through <i>Planning Act</i> tools. |
| Planning | |
| WHPA-A-v.10 | |

Threat 15.0 – The Handling and Storage of Fuel

| Policy Identifier | 15.1 – Handling and storage of fuel |
|--------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CH-CW-10.1 Existing/Future Part IV-RMP WHPA-A-v.10 | To ensure that anythe eExisting orand fFuture handling and storage of fuel ceases to be, or never becomes, a significant drinking water threat, where this such an activity is, or would be, a significant drinking water threat, this activity shall be designated for the purpose of Section 58 of the Clean Water Act, 2006 and a Risk Management Plan shall be required. |
| | The Risk Management Plan shall include, as a minimum, the requirements for all storage tanks to comply with the requirements of the <i>Technical Standards and Safety Act</i> and its regulations, for all owners/operators to have an emergency response plan with emergency contact information of the municipality responsible for water services and the Spills Action Centre. |
| CH-MC-10.2 Future Land Use Planning WHPA-A-v.10 | To ensure that any the fFuture handling and storage of fuel never becomes a significant drinking water threat, where this such an activity would be a significant drinking water threat, the City of Hamilton shall prohibit gas stations through <i>Planning Act</i> tools. |
| CH-CW-10.3 Existing/Future Education & Outreach WHPA-A-v.10 | To ensure that anythe existing orand future handling and storage of fuel ceases to be, or never becomes, a significant drinking water threat, where this such an activity is, or would be, a significant drinking water threat, within five (5) years of the date that the Source Protection Plan comes into effect, the City of Hamilton shall develop and implement an education and outreach program for homeowners with home fuel oil tanks, regarding spill response and the method and timing for contacting the Spills Action Centre |

Threat 16.0 – The Handling and Storage of a Dense Non-Aqueous Phase Liquid (DNAPL)

| Policy Identifier | 16.1 – Handling and storage of a dense non-aqueous phase liquid (DNAPL) |
|-------------------|-------------------------------------------------------------------------|
| CH-CW-11.1 | To ensure that anythe eExisting orand fFuture handling and storage |
| | of dense non-aqueous phase liquids ceases to be, or never becomes, |
| Existing/Future | a significant drinking water threat, where thissuch an activity is, or |
| Part IV-RMP | would be, a significant drinking water threat, this activity shall be |
| WHPA-A/B/C | designated for the purpose of Section 58 of the Clean Water Act, |
| | 2006 and a Risk Management Plan shall be required. |

Threat 17.0 – The Handling and Storage of an Organic Solvent

| Policy Identifier | 17.1 – Handling and storage of an organic solvent | |
|-------------------|------------------------------------------------------------------------------------|--|
| CH-CW-12.1 | To ensure that anythe eExisting orand fFuture handling and storage | |
| | of an organic solvent ceases to be, or never becomes, a significant | |
| Existing/Future | drinking water threat, where <mark>this</mark> such an activity is, or would be, a | |
| | significant drinking water threat, this activity shall be designated for | |
| WHPA-A-v.10 | the purpose of Section 58 of the Clean Water Act, 2006 and a Risk | |
| | Management Plan shall be required. | |

Threat 18.0 – The Management of Runoff that Contains Chemicals Used in the Deicing of Aircraft

| Policy Identifier | 18.1 – The management of runoff that contains chemicals used in the de-icing of aircraft |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CH-NB-13.1 | To ensure the management of runoff containing chemicals used in the de-icing of aircraft where such an activity would be a significant |
| Future | drinking water threat, never becomes a significant drinking water |
| Specify Action | threat, where this activity would be a significant drinking water threat, |
| WHPA-A-v.10 | the relevant -airport authorities and operators, in their consideration of any future airport facilities where the activity would be a significant |
| Monitoring | drinking water threat, are requested to include appropriate design standards and management practices to prevent the runoff from airport de-icing facilities from becoming a significant drinking water threat. |
| | The City of Hamilton shall report to the Source Protection Authority if an application has been made for a new airport facility within the vulnerable areas by February 1 of each year. |

Threat 21.0 – The Use of Land as Livestock Grazing or Pasturing Land, an Outdoor Confinement Area or Farm-Animal Yard

| Policy Identifier | 21.1 – Agricultural source material (ASM) generation – livestock grazing or pasturing 21.2 – Agricultural source material (ASM) generation – outdoor confinement area (OCA) or farm animal yard |
|-----------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CH-CW-14.1 | To ensure that any the risks to drinking water from the eExisting or potential fFuture use of land as an outdoor confinement area or farm- |
| Existing/Future Part IV-RMP WHPA-A-v.10 | animal yard on farms not phased-in under the <i>Nutrient Management Act</i> , or from the use of land for livestock grazing or pasturing on all |

| Policy Identifier | 21.1 – Agricultural source material (ASM) generation – livestock grazing or pasturing 21.2 – Agricultural source material (ASM) generation – outdoor confinement area (OCA) or farm animal yard |
|-----------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | The Risk Management Plan shall be based upon the regulatory requirements of a nutrient management strategy under the <i>Nutrient Management Act</i> and incorporate the best management practices for livestock grazing and pasturing land. |
| CH-MC-14.2 Existing/Future Prescribed Instr. WHPA-A-v.10 | To ensure that any Where the eExisting orand potential fFuture use of land as an outdoor confinement area or farm-animal yard is, or would be, a significant drinking water threat and is managed by subject to a nNutrient mManagement sStrategyies prepared under the Nutrient Management Act; ceases to be, or never becomes, a significant drinking water threat, where this activity is, or would be, a significant drinking water threat, the Ministry of Agriculture, Food and AgribusinessRural Affairs shall prepare or review and, where |
| | necessary, amend ensure that all existing and future nNutrient mManagement sStrategies to incorporate appropriate terms and conditionsmeasures to protect drinking water sources that, when implemented, ensure that the activity ceases to be or never becomes a significant drinking water threat. |

Threat 22.0 – The Establishment and Operation of a Liquid Hydrocarbon Pipeline

| Policy Identifier | 22.1 – Conveyance of a liquid hydrocarbon by a pipeline |
|-------------------|---------------------------------------------------------------------|
| CH-NB-15.1 | To ensure that reduce the risk due to the establishment and |
| | operation of a liquid hydrocarbon pipeline within the meaning |
| Future | , |
| Specify Action | Act or that is subject to the Canadian Energy Regulator Act, |
| | never becomes a significant, moderate or low drinking water |
| Significant: | threat, where this activity would be a significant, moderate or |
| WHPA-A-v.10 | low drinking water threat, the pipeline proponent, the Canada |
| A. f | Energy Regulator orand the Ontario Energy Board should |
| Moderate/Low: | ensure that are encouraged to provide the Source Protection |
| WHPA-B-v.6 | Authority and the City are provided the location of any new |
| IPZ-3-v.6 & 5 | proposed pipeline within the City and/or Source Protection |
| Manitaring | Area. |
| Monitoring | The Course Protection Authority shall decument in the annual |
| | The Source Protection Authority shall document in the annual |
| | report the number of new pipelines proposed within vulnerable areas |
| CH-NB-15.2 | To ensure that the establishment and operation of a liquid |
| 01110 10.2 | hydrocarbon pipeline within the meaning of O.Reg 210/01 |
| | under the Technical Safety and Standards Act or that is subject |
| Specify Action | to the Canadian Energy Regulator Act never becomes a |
| | significant, moderate or low drinking water threat, where this |

| Policy Identifier | 22.1 – Conveyance of a liquid hydrocarbon by a pipeline |
|---------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Significant: WHPA-A-v.10 Moderate/Low: WHPA-B-v.6 IPZ-3-v.6 & 5 | activity would be a significant, moderate or low drinking water threat, the Canada Energy Regulator, Ontario Energy Board, Technical Standards and Safety Authority (TSSA), and Impact Assessment Agency should ensure that drinking water source protection is considered as a risk factor in their decision making framework. |
| CH-NB-15.3 Future Specify Action Significant: WHPA-A-v.10 Moderate/Low: WHPA-B-v.6 | To ensure that the establishment and operation of a liquid hydrocarbon pipeline within the meaning of O. Reg. 210/01 under the Technical Safety and Standards Act or that is subject to the Canadian Energy Regulator Act never becomes a significant, moderate or low drinking water threat, where the activity would be a significant, moderate or low drinking water threat, pipeline owners should ensure that best available source protection information is used such as up to date vulnerable areas in assessment reports when developing, operating and maintaining liquid hydrocarbon pipelines, |
| IPZ-3-v.6 & 5 | including developing and updating emergency planning zones (EPZs). |
| CH-NB-15.4 Future Specify Action Significant | To ensure that the establishment and operation of a liquid hydrocarbon pipeline within the meaning of O. Reg. 210/01 under the <i>Technical Safety and Standards Act</i> or that is subject to the <i>Canadian Energy Regulator Act</i> never becomes a significant, moderate or low drinking water threat, where the activity would be a significant, moderate or low drinking water |
| WHPA-A-v.10 Moderate/Low: WHPA-B-v.6 IPZ-3-v.6 & 5 | threat, pipeline owners should, upon request by the City, reimburse costs borne by the City where work in relation to this activity is required by a regulator with regards to protecting drinking water sources or where the work identified by the drinking water system owner is supported based on due diligence and best practices as it relates to source protection and the protection of public health. Examples may include but are not limited to spill clean-up and rehabilitation activities, |
| | events-based modelling or other technical work required to support current vulnerability scoring. |

Appendix A: List of Policies as per Section 34 of Regulation 287/07

LIST A

<u>Title</u>: Significant threat policies that affect decisions under the *Planning Act* and *Condominium Act*, 1998

Opening Statement: "Clause 39 (1)(a), subsections 39 (2), (4) and (6), and sections 40 and 42 of the *Clean Water Act*, 2006 apply to the following policies:"

<u>Content</u>: CH-CW-1.1.1, CH-CW-1.1.2, CH-CW-1.2, CH-CW-1.3, CH-MC-2.3, CH-MC-3.2, CH-MC-3.3, CH-MC-3.11, CH-MC-8.1, CH-MC-9.1, CH-MC-10.2

LIST B

<u>Title</u>: Moderate and low threat policies that affect decisions under the *Planning Act* and *Condominium Act*, 1998

Opening Statement: "Subsection 39 (1) (b) of the *Clean Water Act*, 2006 applies to the following policies:"

Content: No Applicable Policies

LIST C

Title: Significant threat policies that affect Prescribed Instrument decisions

Opening Statement: "Subsection 39 (6), clause 39 (7) (a), section 43 and subsection 44 (1) of the Clean Water Act, 2006 apply to the following policies:"

Content: CH-CW-1.1.1, CH-CW-1.1.2, CH-MC-2.1, CH-MC-3.1, CH-MC-3.8, CH-MC-3.9, CH-MC-3.10, CH-MC-5.1, CH-MC-14.2

LIST D

<u>Title</u>: Moderate and low threat policies that affect Prescribed Instrument decisions

Opening Statement: "Clause 39 (7) (b) of the *Clean Water Act*, 2006 applies to the following policies:"

Content: No Applicable Policies

LIST E

<u>Title</u>: Significant threat policies that impose obligations on municipalities, source protection authorities and local boards

Opening Statement: "Section 38 and subsection 39 (6) of the *Clean Water Act*, 2006 applies to the following policies:"

<u>Content</u>: CH-CW-1.1.1, CH-CW-1.1.2, CH-CW-1.13, CH-CW-2.2, CH-CW-3.4, CH-CW-3.5, CH-CW-3.7, CH-CW-7.2, CH-CW-10.3

LIST F

<u>Title</u>: Monitoring policies referred to in subsection 22 (2) of the *Clean Water Act*, 2006

Opening Statement: "Section 45 of the Clean Water Act, 2006 applies to the following policies:"

Content: CH-CW-1.4, CH-CW-1.5, CH-CW-1.6, CH-CW-1.7, CH-CW-1.8, CH-NB-15.1, CH-NB-13.1

LIST G

<u>Title</u>: Policies related to section 57 of the *Clean Water Act*, 2006

Opening Statement: "The following policies relate to section 57 (prohibition) of the Clean Water Act, 2006."

Content: No Applicable Policies

LIST H

Title: Policies related to section 58 of the Clean Water Act, 2006

Opening Statement: "The following policies relate to section 58 (Risk Management Plans) of the Clean Water Act, 2006."

Content: CH-CW-1.1.1, CH-CW-1.1.2, CH-CW-4.1, CH-CW-6.1, CH-CW-7.1, CH-CW-10.1, CH-CW-11.1, CH-CW-12.1, CH-CW-14.1

LIST I

Title: Policies related to section 59 of the Clean Water Act, 2006

Opening Statement: "The following policies relate to section 59 (restricted land uses) of the Clean Water Act, 2006."

Content: CH-CW-1.1.1, CH-CW-1.1.2, CH-CW-1.2

LIST J

<u>Title</u>: Strategic Action policies

<u>Opening Statement</u>: For the purposes of section 33 of O. Reg. 287/07, the following policies are identified as strategic action policies:

Content: CH-NB-1.10, CH-NB-1.11, CH-NB-1.12

LIST K

<u>Title</u>: Significant threat policies targeted to bodies other than municipalities, local board or source protection authorities for implementation

Opening Statement: The following policies are identified as non-legally binding policies:

Content: CH-NB-3.6, CH-NB-13.1, CH-NB-15.1, CH-NB-15.2, CH-NB-15.3, CH-NB-15.4

Appendix B: Prescribed Instruments and Policy Summary Tables

Table 1: Prescribed instruments which apply to source protection plan policies in Lists C and D above (s.34(4) of O. Reg. 287/07)

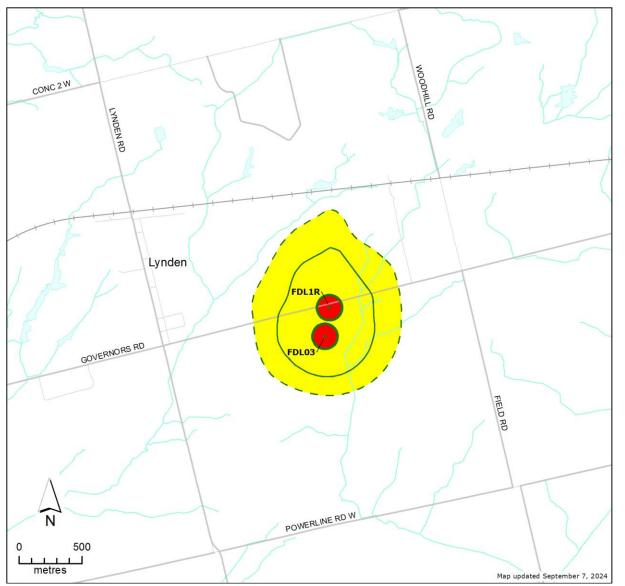

| Policy # | Legal Effect | Environmental Protection Act | Nutrient Management Act | Ontario Water Resources Act | |
|-------------|--------------|------------------------------|-------------------------|--------------------------------|--|
| CH-CW-1.1.1 | Comply With | Yes | Yes | Yes | |
| CH-CW-1.1.2 | Comply With | Yes | Yes | Yes | |
| CH-MC-2.1 | Must Conform | Yes | No | Yes | |
| CH-MC-3.1 | Must Conform | Yes | No | Yes | |
| CH-MC-3.8 | Must Conform | Yes | No | Yes | |
| CH-MC-3.9 | Must Conform | Yes | No | Yes | |
| CH-MC-3.10 | Must Conform | Yes | No | Yes | |
| CH-MC-5.1 | Must Conform | Yes | Yes | No | |
| CH-MC-14.2 | Must Conform | No | Yes | No | |

Table 2: Policy Summary Matrix

| Policy ID# | Legal Effect (conform with, have regard to, non-binding) | Policy affects decisions under the Planning Act and Condominium Act, 1998 (Lists A and B) | Policy affects Prescribed Instrument decisions (Lists C and D) | Significant threat policies that impose obligations on municipalities, source protection authorities and local boards (List E) | Monitoring policies referred to in s.22(2) of the CWA (List F) | Part IV Policies - Significant threat policies that are designated in the plan as requiring a Risk Management Plan, are prohibited under s. 57, or to which s. 59 of the CWA applies (Lists G, H, and I) | Strategic Action Policies (List J) | Significant threat policies which designate a body other than a municipality, source protection authority or local board as responsible for implementing the policy (List K) |
|-------------|-------------------------------------------------------------------|-------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
